From its beginnings in June 2008, the Harbor Art Guild has worked towards its Vision and Mission by joining together and supporting artists in Gray Harbor County, creating public art work such as the Pollinator's Pocket Park in Aberdeen, supporting the Grays Harbor Open Studio Tours (ghOST) offering free art classes to the public, placing art in local venues, will be placing three permanent easels in Aberdeen and much more to come. Your membership helps fund these important projects.
